IN THIS ISSUE

## Our Mission

UPF endeavors to impact the nations of the world through prayer initiatives, resources, information and research so that strongholds that keep the nations in bondage can be brought to destruction and the Gospel of the Lord Jesus Christ can transform all unreached parts of the world.

# Celebrations

## French Evening – Flavours of France

**In february we had a wonderful evening of fellowship, food and prayer with believers of Huguenot ancestry and friends that love this beautiful and complex nation.**

The evening was launched with bread and wine to reflect on the spiritual story of France. These unmistakable French elements reminded us that this nation is presently in a spiritual famine and in need of the wine of the Spirit that once permeated the land and its people before it was destroyed by violent persecutions.

A simple but very enjoyable main meal consisting of salad with French vinaigrette and a variety of quiches framed a session on the spiritual history of France and the faithful testimony of the Huguenots during the 16<sup>th</sup> and 17<sup>th</sup> century.

The evening was further flavoured with the discovery of a variety of different regional dishes that make up the rich world of French cuisine. From this platform we were launched into a time of prayer and intercession for the many regions, asking God to deal with the relevant issues and obstacles that oppose the successful spreading of the gospel in the nation.

Participants were encouraged to get involved in praying for the French nation so that UPF can also continue the French journey they started in 2001, desiring for the next chapter of God's story for this people and nation to be written through our obedience and availability in the future.

As the evening was concluded with French cheeses and crème brûlée, few could deny that God has stirred their hearts and opened their eyes to the importance of seeing France moved closer to God in whichever way possible.

***France is a strategic nation! If they will turn to God a great part of the world will be blessed through them.***

# Celebrations

## Netherlands – Met Nederland op de Koffie

What a joyous afternoon we had in May with special Dutch descendants and friends.

We enjoyed Amsterdammertjies, Stroopwafels and Appelflappertjies, Bitterballe and good cheese, not to mention great coffee. It was a memorable and convivial afternoon that left everyone with fond memories and warm hearts.

We were stirred anew to focus on The Netherlands, our "homeland", in prayer and support. Seldom have we experienced such a spontaneous outpouring of prayer and supplication from the hearts of believers for a nation in desperate need of the Lord.

We asked believers with a Dutch heritage, to pray for the provinces of their ancestry covering all 12 provinces of The Netherlands.

*Ruimte creën voor mensen om God te aanbidden - en God aanbidden om ruimte te creëren voor Hem en Zijn Koninkrijk.*

### UPF Office:

Here, at the UPF office we are experiencing such joy to be involved in impacting the nations and in partnering with others to see His kingdom come on earth.

Please pray for continued provision for the office so that we can expand our activities and successfully implement every initiative that God speaks about. Remember if you want to become a UPF member – contact us for the relevant information and forms.

Blessings Leon and Crystal!
